

TUTORIAL Bead « OYA » © par PUCA®

Made by Puca

Material :

- 10 grs Khéops® par Puca®
- 26 Firepolished 3 mm (F3)
- 1 Tassel 10mm thickness
- Or 12mm Bead
- 1 Pin 70mm
- Seed bead 15/10, 11/0 (R15, R11)

<p>1) Place your Khéops in this position ☺</p>	<p>2) Pick up 6 Khéops like picture</p>	<p>3) Pick up 3 R15, 1 R11, 3 R15 and exit through the 6 Khéops</p>
<p>4) Pick up 3 R15, 1 R11, 3 R15 like step 3. Exit through the seed beads</p>	<p>5) Pick up 2 R15, 1 F3, 2 R15, exit through the 2 next Khéops</p>	<p>6) Repeat step 5, exit through the seed beads</p>

7) Repeat for the 4 sides.
Exit like picture

8) Pick up 2 R15, 1 F3, 2 R15

9) Repeat previous step ☺ We have finished one element. Repeat steps 2 to 8 to make a second element

10) We're going to zip the 2 elements with 2 new R15, F3 already in the 1st element and 2 R15

11) Proceed like this for 3 elements

12) Be careful, you mustn't pick up a F3 in one side, so you can zip

13) Zip 1st and 3rd element like step 10

14) Zip the sides with R11 and F3

15) Zip up and down sides. Repeat like this for all the bead sides

16) Exit through the central R11

17) Zip the 3 R11

18) Place a pin 😊

19) Place the tassel into the pin, you can place a metal finding for the maintain 😊

20) Place the tassel

21) Between the central R11, pick up 1 F3, 1R11, 1 F3

22) Pick up in loop 3 R11

23) Place a bead of your choice at the top of your pendant

24) We have this 😊

25) Ideas ! 😊 Place one strass clasp to make a jewel for your bag 😊

26) Pick up a 12mm bead and a charm to make a pendant 😊

27) This time, with a metal tassel

Happy beading!
